Mitsui Seiki USA Launches New Website

[FEBRUARY 2016 – FRANKLIN LAKES, NJ] Mitsui Seiki USA, Inc. announces that its website has been redesigned to make it easier for browsers to navigate and learn about the company's comprehensive, precise machine tool product line of horizontal and vertical machining centers, jig borers, jig grinders, and thread grinders. Visitors can also read and understand more about Mitsui's expertise and depth in certain industries and materials such as aerospace, energy, and hard metal applications. Other features include quick links to events, latest videos, and the company's YouTube and other social media channels accessed from the home page. There is also background about the company and its world-class facility that was designed and built to produce machine tools that are among the most accurate in the world. The ways in which Mitsui Seiki achieves its renowned volumetric accuracy are also explained. Visitors can also sign up for the company's newsletter and request a quote on the new site. The URL is www.mitsuseiki.com.

For more information, contact Mitsui Seiki at (201) 337-1300,
